## NAMES

- Abbott MI**, meeting the health needs of sexually active adolescents, 80, Oct, c
- Adams DB**, measuring the cycles of female sexuality, 147, Sep, oa
- Alexander NJ**, American Fertility Society meets: a report on research and concerns, 114, Sep, c
- Alpert E**, detecting NTDs: proliferating U.S. programs, 51, Nov, c
- Amato JC**, how routine should FHR monitoring be? 37, Sep, c
- Anderson ET**, a guide to sterilization procedures, 33, Oct, c
- Baggish MS**, how routine should FHR monitoring be? 36, Sep, c
- testing and treating sex change candidates, 83, Sep, oa
- Ballard RA**, where will your patient deliver—at home? in the hospital? in an alternate birth center? 105, Dec, s
- Barkay J**, solving the technical and social problems of artificial insemination, 116, Aug, c
- Barrett AT**, coordinating an AID program, 123, Aug, oa
- Barwin NB**, solving the technical and social problems of artificial insemination, 87, Aug, s
- Beard RW**, FHR: measure of well-being, 54, Oct, c
- progress in perinatology: controlling uterine activity during labor, 43, Dec, c
- Beck WW Jr**, American Fertility Society meets: a report on research and concerns, 116, Sep, c
- solving the technical and social problems of artificial insemination, 87, Aug, s
- Behrman SJ**, AFS on the issues, 131, Sep, c
- Bellig L**, meeting the health needs of sexually active adolescents, 80, Oct, c
- Berger GS**, how routine should FHR monitoring be? 35, Sep, oa
- Bigelow R**, sensible self-insurance for the small hospital, 151, Jul, mu
- Blanc WA**, four cases of chronic viral funisitis, 27, Jul, nc
- Boddy K**, studying breathing movements for clues to fetal health, 71, Oct, c
- Brenner PF**, DUB: diagnosis and management, 107, Jul, oa
- Bresnick EK**, American Fertility Society meets: a report on research and concerns, 130, Sep, c
- Brock D**, an interview: David Brock, AFP test developer, on its use and potential, 65, Nov, c
- detecting NTDs: proliferating U.S. programs, 51, Nov, c
- Brooks T**, where will your patient deliver—at home? in the hospital? in an alternate birth center? 105, Dec, s
- Brumby GW**, neonates fed triglycerides face increased pneumonia risk, 25, Oct, c
- Cabrera E**, effectiveness of nurses in contraceptive services, 22, Sep, nc
- Campbell S**, progress in perinatology: ultrasound assessment of fetal condition, 32, Dec, c
- Cederqvist L**, detecting NTDs: proliferating U.S. programs, 51, Nov, c
- Chameides L**, congenital heart block linked to maternal SLE, 15, Aug, nc
- Chang P**, a U.S. clinician reports on family planning Chinese-style, 164, Sep, c
- Channing CP**, status report on new contraceptives, 97, Nov, c
- Check JH**, American Fertility Society meets: a report on research and concerns, 119, Sep, c
- Chih-ping K**, a U.S. clinician reports on family planning Chinese-style, 162, Sep, c
- Clark JFJ**, preventing maternal death in advanced abdominal pregnancy, 137, Sep, oa
- Clarkson TB**, American Fertility Society meets: a report on research and concerns, 114, Sep, c
- Cloutier D**, a guide to sterilization procedures, 33, Oct, c
- Cohen IK**, cancer surveillance with breast implants, 18, Aug, nc
- Cohen MR**, American Fertility Society meets: a report on research and concerns, 119, Sep, c
- Cohen RS**, American Fertility Society meets: a report on research and concerns, 109, Sep, c
- Cowchock S**, detecting NTDs: proliferating U.S. programs, 51, Nov, c
- Cox R**, new doctor-owned carrier, 130, Aug, mu
- Crandall B**, detecting NTDs: proliferating U.S. programs, 51, Nov, c
- Crawford JS**, anesthesiologists meet the demands of modern obstetrics, 117, Nov, c
- Csaba IF**, prostaglandin inhibitors linked to fetal circulation syndrome, 19, Dec, nc
- Cullberg J**, helping parents cope with perinatal death, 53, Jul, c
- Cunningham GR**, American Fertility Society meets: a report on research and concerns, 121, Sep, c
- Daling JR**, effects of abortion on subsequent pregnancy, 20, Aug, nc
- Dalton K**, FHR: measure of well-being, 54, Oct, c
- David E**, testing and treating sex change candidates, 85, Sep, c
- David SS**, American Fertility Society meets: a report on research and concerns, 120, Sep, c
- Dawes GS**, FHR: life in utero: new research, new technology—an overview, 53, Oct, c
- measure of well-being, 54, Oct, c
- measurement of fetal breathing movements approaches clinical applicability, 75, Dec, oa
- progress in perinatology: fetal breathing movements, 33, Dec, c
- studying breathing movements for clues to fetal health, 71, Oct, c
- Decker A**, a guide to sterilization procedures, 33, Oct, c
- Delgado G**, managing ovarian cancer: the second-look operation, 137, Oct, c
- Depp R**, withholding early exchange transfusion in erythroblastosis fetalis, 15, Nov, nc
- Deutsch H**, helping parents cope with perinatal death, 54, Jul, c
- DeVore JS**, anesthesiologists meet the demands of modern obstetrics, 117, Nov, s
- Dinan B**, smoking, estrogen replacement, and MI, 166, Sep, c
- DiSaia PJ**, managing ovarian cancer: toward a better prognosis, 47, Sep, s
- Doherty EC**, is there still a crisis? 169, Sep, mu
- Drake TS**, American Fertility Society meets: a report on research and concerns, 119, Sep, c
- Drouin P**, managing ovarian cancer: the second-look operation, 137, Oct, c
- Dwyer J**, meeting the health needs of sexually active adolescents, 80, Oct, c
- which ob-gyn procedures produce claims? 170, Sep, mu
- Einhorn RF**, effectiveness of nurses in contraceptive services, 22, Sep, nc
- Elliot JA**, fuel metabolism in pregnancy, 84, Jul, c
- Ely CW Jr**, American Fertility Society meets: a report on research and concerns, 119, Sep, c
- Emanuel I**, effects of abortion on subsequent pregnancy, 20, Aug, nc
- Erti T**, prostaglandin inhibitors linked to fetal

continued

# INDEX

- circulation syndrome, 19, Dec, nc
- Evans H**, trial lawyers outlobby MDs, 162, Nov, c
- Fagan CJ**, conjoined twins are diagnosed prenatally by ultrasonography, 15, Jul, nc
- Fenoglio CM**, a puzzling ovarian tumor: making a diagnosis, 47, Aug, ppc
- Fisher PM**, fuel metabolism in pregnancy, 85, Jul, c
- Fontana VJ**, meeting the health needs of sexually active adolescents, 80, Oct, c
- Foster RS**, regular breast self-examinations lead to detection of earlier lesions, 15, Dec, nc
- Fraumeni JF Jr**, managing ovarian cancer: the second-look operation, 137, Oct, c
- Freeman RK**, progress in perinatology: fetal heart rate monitoring, 39, Dec, c  
where will your patient deliver—at home? in the hospital? in an alternate birth center? 104, Dec, s
- Friedman S**, solving the technical and social problems of artificial insemination, 116, Aug, c
- Friedrich ER**, American Fertility Society meets: a report on research and concerns, 126, Sep, c
- Fuchs F**, detecting NTDs: proliferating U.S. programs, 51, Nov, c
- Furman E**, helping parents cope with perinatal death, 55, Jul, c
- Gabbe SG**, progress in perinatology: management of pregnant diabetics, 34, Dec, c
- Gabert HA**, how routine should FHR monitoring be? 39, Sep, c
- Gant NF**, progress in perinatology: pregnancy-induced hypertension, 35, Dec, c
- Gassner CB**, how routine should FHR monitoring be? 40, Sep, c
- Gause RW**, a U.S. clinician reports on family planning Chinese-style, 161, Sep, oa
- Gennser G**, studying breathing movements for clues to fetal health, 71, Oct, c
- Gibbs RS**, how routine should FHR monitoring be? 41, Sep, c
- Glass R**, treating the patient who doesn't ovulate, 131, Jul, c
- Gluck L**, progress in perinatology: assessing fetal lung maturity, 48, Dec, c
- Goebelsmann U**, progress in perinatology: plasma and urinary estril assays, 42, Dec, c
- Golbus MS**, progress in perinatology: prenatal genetic diagnosis, 39, Dec, c
- Gold AR**, measuring the cycles of female sexuality, 174, Sep, oa
- Goldfarb JM**, American Fertility Society meets: a report on research and concerns, 110, Sep, c
- Graff G**, treating the patient who doesn't ovulate, 131, Jul, c
- Graham E**, meeting the health needs of sexually active adolescents, 80, Oct, c
- Greenberg SH**, American Fertility Society meets: a report on research and concerns, 114, Sep, c
- Griffiths T**, managing ovarian cancer: the second-look operation, 137, Oct, s
- Haddow JE**, an interview: David Brock, AFP test developer, on its use and potential, 65, Nov, c  
detecting NTDs: proliferating U.S. programs, 51, Nov, c
- Hagen D**, how routine should FHR monitoring be? 40, Sep, c
- Haire DB**, opposed to oxytocin use for elective induction of labor, 9, Dec, c
- Hale M**, meeting the health needs of sexually active adolescents, 80, Oct, oa  
progress in perinatology: mother, fetus, and newborn, 32, Dec, oa
- Haney AF**, American Fertility Society meets: a report on research and concerns, 111, Sep, c
- Haven CO**, is there still a crisis? 169, Sep, mu
- Havercamp AD**, how routine should FHR monitoring be? 39, Sep, c
- Heinrichs WL**, withholding early exchange transfusion in erythroblastosis fetalis, 15, Nov, nc
- Hembree W**, a puzzling ovarian tumor: making a diagnosis, 47, Aug, ppc
- Hershman JM**, when mole causes thyroid dysfunction, 79, Aug, oa
- Higgins G**, testing and treating sex change candidates, 85, Sep, c
- Higgins HP**, when mole causes thyroid dysfunction, 79, Aug, oa
- Hillier K**, prostaglandins and labor—problems and benefits, 91, Nov, c
- Hobbins JC**, progress in perinatology: visualization and tissue sampling by fetoscopy, 38, Dec, c
- Hodgkinson R**, anesthesiologists meet the demands of modern obstetrics, 117, Nov, c
- Hon EH**, how routine should FHR monitoring be? 35, Sep, c
- Hoover R**, managing ovarian cancer: the second-look operation, 137, Oct, c
- Howards SS**, American Fertility Society meets: a report on research and concerns, 114, Sep, c
- Huch A**, monitoring fetal arterial oxygen continuously during labor, 73, Jul, oa
- Huch R**, monitoring fetal arterial oxygen continuously during labor, 73, Jul, oa
- Huggins GR**, using nurse practitioners in ambulatory gynecology, 109, Oct, oa
- Hughey MJ**, how routine should FHR monitoring be? 37, Sep, c
- Hulka JF**, a guide to sterilization procedures, 33, Oct, c
- Humphrey MD**, anesthesiologists meet the demands of modern obstetrics, 117, Nov, c
- Hutchins GM**, catheter leads to candidiasis and superior vena cava syndrome, 15, Aug, nc
- Jewelewicz R**, treating the patient who doesn't ovulate, 121, Jul, s
- Jick H**, smoking, estrogen replacement, and MI, 166, Sep, c
- Kaback MM**, progress in perinatology: screening for genetic disease, 38, Dec, c
- Kaminsky R**, ob-gyns active in countersuits, 132, Aug, mu
- Karim SMM**, prostaglandins and labor—problems and benefits, 91, Nov, c
- Keller C**, meeting the health needs of sexually active adolescents, 80, Oct, c
- Kennell JH**, helping parents cope with perinatal death, 53, Jul, oa  
meeting the health needs of sexually active adolescents, 80, Oct, c
- Kitzmiller JH**, progress in perinatology: prenatal risks of corticosteroid administration, 49, Dec, c
- Kjessler B**, detecting NTDs: proliferating U.S. programs, 51, Nov, c
- Kloza EM**, detecting NTDs: proliferating U.S. programs, 51, Nov, c
- Knopp RH**, fuel metabolism in pregnancy, 83, Jul, oa  
hypertriglyceridemia in pregnancy, 15, Jul, nc
- Knox GE**, how infection damages the fetus, 96, Jul, oa
- Koh KS**, how routine should FHR monitoring be? 38, Sep, c
- Krantz KE**, CME on malpractice prevention, 151, Jul, mu
- Kubli FW**, FHR: measure of well-being, 54, Oct, c  
progress in perinatology: computer-aided intrapartum fetal heart rate monitoring, 48, Dec, c
- Ladimer I**, mass-immunization: malpractice problems under study, 164, Nov, c
- Larsen JW**, how routine should FHR monitoring be? 40, Sep, c
- Layton R**, AMACO helps out in Maine, 146, Dec, mu
- Ledger WJ**, how routine should FHR monitoring be? 40, Sep, c
- Lee RA**, correcting recurrent stress incontinence, 33, Aug, oa
- Lee WK**, how routine should FHR monitoring be? 36, Sep, c
- Levin DL**, prostaglandin inhibitors may affect ductus and pulmonary vessels, 15, Dec, nc
- Lewis JL Jr**, managing ovarian cancer: the second-look operation, 137, Oct, s  
managing ovarian cancer: toward a better prognosis, 47, Sep, s
- L'Hermite M**, treating the patient who doesn't ovulate, 121, Jul, s
- Liggins GC**, progress in perinatology: corticosteroid administration may prevent HMD, 49, Dec, c
- Lindemann E**, helping parents cope with perinatal death, 58, Jul, c
- Linzey EM**, controlling diabetes with continuous insulin infusion, 43, Jul, oa
- Lipshultz LI**, American Fertility Society meets: a report on research and concerns, 114, Sep, c
- Little RE**, moderate drinking in pregnancy linked to lower birth weight, 19, Sep, nc
- Lopez R.**, meeting the health needs of sexually active adolescents, 80, Oct, c
- Lucas R**, ob-gyns active in countersuits, 131, Aug, mu  
was the doctor really damaged? or was it just his pride that was hurt? 144, Dec, mu
- Lucy JF**, monitoring fetal arterial oxygen continuously during labor, 73, Jul, oa
- Lurie RG**, malpractice update, 152, Jul, mu  
malpractice update, 130, Aug, mu  
malpractice update, 169, Sep, mu  
malpractice update, 159, Oct, mu  
malpractice update, 161, Nov, mu  
malpractice update, 144, Dec, mu
- Machol L**, detecting NTDs: proliferating U.S. programs, 51, Nov, oa  
smoking, estrogen replacement, and MI, 166, Sep, oa
- Macri JN**, detecting NTDs: proliferating U.S. programs, 51, Nov, c
- Magil B**, status report on new contraceptives, 97, Nov, oa
- Manisoff M**, using nurse practitioners in ambulatory gynecology, 109, Oct, oa
- Manning F**, studying breathing movements for clues to fetal health, 71, Oct, c
- Marsal K**, studying breathing movements for clues to fetal health, 71, Oct, c
- Marshall JR**, treating the patient who doesn't ovulate, 121, Jul, s
- Marx GF**, anesthesiologists meet the demands of modern obstetrics, 117, Nov, s
- Masteron BJ**, selecting instruments for gynecologic surgery, 31, Nov, oa
- Mateo C**, anesthesiologists meet the demands of modern obstetrics, 117, Nov, s

- Maynard L**, how routine should FHR monitoring be? 35, Sep, oa
- McKay DG**, progress in perinatology: intravascular placental clotting problems, 35 Dec, c
- Merkatz IR**, detecting NTDs: proliferating U.S. programs, 51, Nov, c
- Merritt JL**, treating pelvic floor myalgia, 31, Sep, nc
- Michie DD**, zinc deficiency in premature infants, 15, Oct, c
- Milton G**, another premium reduction for California carrier, 164, Nov, mu
- Milunsky A**, detecting NTDs: proliferating U.S. programs, 51, Nov, c
- progress in perinatology: detecting neural tube defects, 38, Dec, c
- Moghissi KS**, solving the technical and social problems of artificial insemination, 87, Aug, s
- Money J**, is there a biologic basis for homosexuality? 74, Aug, c
- Morris JM**, a puzzling ovarian tumor: making a diagnosis, 61, Aug, c
- Morrow CP**, managing ovarian cancer: the second-look operation, 137, Oct, s
- Moulding TS**, American Fertility Society meets: a report on research and concerns, 126, Sep, c
- Naftolin F**, progress in perinatology: fetal endocrinology, 50, Dec, c
- Nakamura MS**, solving the technical and social problems of artificial insemination, 87, Aug, s
- Navarro C**, four cases of chronic viral funisitis, 27, Jul, nc
- Neuwirth RS**, a new way to manage submucous fibroids, 101, Sep, oa
- Newman RL**, how routine should FHR monitoring be? 36, Sep, c
- Nichols DH**, getting the postoperative patient to void, 41, Nov, oa
- Nilsson L**, DUB: diagnosis and management, 114, Jul, c
- Organ L**, better monitoring with PEP measurements, 83, Nov, c
- Ostheimer GW**, anesthesiologists meet the demands of modern obstetrics, 117, Nov, s
- Palmer R**, a guide to sterilization procedures, 33, Oct, c
- Papera S**, meeting the health needs of sexually active adolescents, 80, Oct, c
- Park RC**, managing ovarian cancer: toward a better prognosis, 47, Sep, s
- Parkes CM**, helping parents cope with perinatal death, 58, Jul, c
- Patrick J**, studying breathing movements for clues to fetal health, 71, Oct, c
- Pauerstein CJ**, American Fertility Society meets: a report on research and concerns, 120, Sep, c
- Paul RH**, how routine should FHR monitoring be? 35, Sep, c
- Pearse WH**, ACOG studies status of nonphysician professionals, 119, Oct, oa
- Pearson R**, testing and treating sex change candidates, 85, Sep, c
- Perez E**, effectiveness of nurses in contraceptive services, 22, Sep, nc
- Phoenix C**, is there a biologic basis for homosexuality? 72, Aug, c
- Pilpel HF**, meeting the health needs of sexually active adolescents, 80, Oct, c
- Prescott G**, detecting NTDs: proliferating U.S. programs, 51, Nov, c
- Prian GW**, embolus a risk of temporal artery catheterization, 19, Nov, nc
- Queenan JT**, detecting NTDs: proliferating U.S. programs, 51, Nov, c
- letter from the editor in chief, 9, Jul, oa
- letter from the editor in chief, 9, Aug, oa
- letter from the editor in chief, 9, Sep, oa
- letter from the editor in chief, 9, Oct, oa
- letter from the editor in chief, 9, Nov, oa
- letter from the editor in chief, 9, Dec, oa
- progress in perinatology: perinatal ultrasound, 34, Dec, c
- status of ultrasound in perinatal diagnosis, 85, Dec, oa
- Quilligan DJ**, progress in perinatology: scalp sampling as a backup to fetal heart rate monitoring, 43, Dec, c
- Quirk JG**, a puzzling ovarian tumor: making a diagnosis, 47, Aug, ppc
- Rasmussen H**, is there still a crisis? 169, Sep, mu
- Reimer RR**, managing ovarian cancer: the second-look operation, 137, Oct, c
- Renforth W**, can hospitals deny privileges to doctors who practice bare? 161, Nov, mu
- Renou P**, how routine should FHR monitoring be? 38, Sep, c
- Reynolds M**, where will your patient deliver—at home? in a hospital? in an alternate birth center? 105, Dec, s
- Richart RM**, a puzzling ovarian tumor: making a diagnosis, 47, Aug, ppc
- Rioux JE**, a guide to sterilization procedures, 33, Oct, oa
- Robinson J**, studying breathing movements for clues to fetal health, 71, Oct, c
- Rock JA**, American Fertility Society meets: a report on research and concerns, 111, Sep, c
- Roeske NCA**, evaluating hysterectomy's psychosocial impact, 95, Dec, oa
- Rosen MG**, progress in perinatology: evaluating the fetal brain, 42, Dec, c
- Rosenberg M**, countersuit help in New York, 144, Dec, mu
- Ross J**, AFS on the issues, 131, Sep, oa
- American Fertility Society meets: a report on research and concerns, 109, Sep, oa
- an interview: David Brock, AFP test developer, on its use and potential, 65, Nov, oa
- Rothman KJ**, smoking, estrogen replacement, and MI, 166, Sep, c
- Rudolph AJ**, correcting neonatal acidemia without bicarbonate, 28, Aug, nc
- Rutledge F**, managing ovarian cancer: the second-look operation, 137, Oct, c
- Rybo T**, DUB: diagnosis and management, 114, Jul, c
- Sadovsky E**, progress in perinatology: fetal activity assessment, 42, Dec, c
- what do movements of the fetus tell about its well-being? 59, Dec, oa
- Sampson MB**, life in utero: new research, new technology—an overview, 53, Oct, oa
- Sargeant J**, new rates for doctor-owned companies, 169, Sep, mu
- Schiffrin BS**, progress in perinatology: significance of fetal heart rate variability, 48, Dec, c
- Schneider H**, monitoring fetal arterial oxygen continuously during labor, 73, Jul, oa
- Schneider J**, anesthesiologists meet the demands of modern obstetrics, 117, Nov, s
- Schwartz RM**, which ob-gyn procedures produce claims? 170, Sep, mu
- Scully R**, a puzzling ovarian tumor: making a diagnosis, 47, Aug, ppc
- Sear AM**, effectiveness of nurses in contraceptive services, 22, Sep, nc
- Segal SJ**, status report on new contraceptives, 97, Nov, c
- Seitz P**, meeting the health needs of sexually active adolescents, 80, Oct, c
- Semm K**, a guide to sterilization procedures, 33, Oct, c
- Shenker L**, how routine should FHR monitoring be? 36, Sep, c
- Sherran J**, solving the technical and social problems of artificial insemination, 115, Aug, c
- Silber SJ**, dealing with fertility problems after vasectomy reversal, 105, Nov, oa
- Silverman V**, American Fertility Society meets: a report on research and concerns, 121, Sep, c
- Silverstone FA**, fuel metabolism in pregnancy, 85, Jul, c
- Simmons MA**, progress in perinatology: detecting intrauterine growth retardation, 50, Dec, c
- Simons CL**, better monitoring with PEP measurements, 83, Nov, oa
- prostaglandins and labor—problems and benefits, 91, Nov, oa
- studying breathing movements for clues to fetal health, 71, Oct, oa
- Simpson JL**, progress in perinatology: diagnosing chromosomal disorders, 38, Dec, c
- Sinaki M**, treating pelvic floor myalgia, 31, Sep, nc
- Slone D**, cigarettes and MI in young women, 16, Oct, c
- Smith DW**, dangers of prolonged high fever, 15, Oct, c
- Smith JP**, managing ovarian cancer: the second-look operation, 137, Oct, c
- Smith RM**, neonates fed triglycerides face increased pneumonia risk, 25, Oct, c
- Snell BJ**, where will your patient deliver—at home? in a hospital? in an alternate birth center? 105, Dec, s
- Soderstrom RM**, a guide to sterilization procedures, 33, Oct, c
- article on laparoscopy safeguards draws an endorsement, 17, Sep, et
- laparoscopies: why claims are up, 130, Aug, mu
- Speroff L**, important clinical roles for steroid hormone receptors, 99, Oct, oa
- is there a biologic basis for homosexuality? 65, Aug, oa
- treating the patient who doesn't ovulate, 121, Jul, s
- Stage AH**, factors in postcesarean wound infection, 20, Jul, nc
- Stangel JJ**, American Fertility Society meets: a report on research and concerns, 110, Sep, c
- Stannard MW**, neonates fed triglycerides face increased pneumonia risk, 25, Oct, c
- Starks GC**, American Fertility Society meets: a report on research and concerns, 110, Sep, c
- Stenchever MA**, how routine should FHR monitoring be? 39, Sep, c
- Stepoe PC**, a guide to sterilization procedures, 33, Oct, c
- Stern L**, progress in perinatology: thermoregulation in the newborn, 50, Dec, c
- Stevens ML**, American Fertility Society meets: a report on research and concerns, 125, Sep, c

sexually active adolescents, 80, Oct, c  
**Sulyok E**, prostaglandin inhibitors linked to fetal circulation syndrome, 19, Dec, nc  
**Sutcliffe R**, an interview: David Brock, AFP test developer, on its use and potential, 65, Nov, c  
**Talwar GP**, status report on new contraceptives, 97, Nov, c  
**Tanzi F**, tuberculosis in pregnancy: real threat in urban areas, 125, Oct, oa  
**Taymor ML**, American Fertility Society meets: a report on research and concerns, 130, Sep, c  
**Thau RB**, American Fertility Society meets: a report on research and concerns, 125, Sep, c  
**Thiele GH**, treating pelvic floor myalgia, 31, Sep, nc  
**Thompson BH**, a guide to sterilization procedures, 33, Oct, c  
**Tietze C**, what price fertility control? lower than that of unwanted pregnancy, 32, Jul, oa  
**Trause MA**, helping parents cope with perinatal death, 53, Jul, oa  
**Ueland K**, progress in perinatology: heart disease and pregnancy, 34, Dec, c  
**Utian WH**, American Fertility Society meets: a report on research and concerns, 110, Sep, c  
**Vande Wiele R**, a puzzling ovarian tumor: making a diagnosis, 47, Aug, ppc  
**Vigersky RA**, hypothalamic dysfunction caused by weight loss, 20, Jul, nc  
**Warth MR**, hypertriglyceridemia in pregnancy, 15, Jul, nc  
**Weinstein SE**, sudden infant death syndrome and aid for affected families, 15, Nov, nc  
**Weiss RR**, detecting NTDs: proliferating U.S. programs, 51, Nov, c  
**Wennberg RP**, withholding early exchange transfusion in erythroblastosis fetalis, 15, Nov, nc  
**Wesley JR**, treating pulmonary embolism in the neonate, 22, Dec, nc  
**Wharton T**, managing ovarian cancer: the second-look operation, 137, Oct, s  
**Wheelless CR Jr**, a guide to sterilization procedures, 33, Oct, c  
**White KC**, where will your patient deliver—at home? in a hospital? in an alternate birth center? 105, Dec, s  
**Wiley EL**, catheter leads to candidiasis and superior vena cava syndrome, 15, Aug, nc  
**Wirth FH**, zinc deficiency in premature infants, 15, Oct, nc  
**Yeh M**, monitoring fetal arterial oxygen continuously during labor, 75, Jul, c  
**Yoon IB**, a guide to sterilization procedures, 33, Oct, c  
**Yuzpe AA**, a guide to sterilization procedures, 33, Oct, oa  
**Zerner J**, article on laparoscopy safeguards draws an endorsement, 17, Sep, et

and newborn, 32, Dec, oa  
 status of ultrasound in perinatal diagnosis, 85, Dec, oa  
**ABNORMALITIES, DRUG-INDUCED**  
 American Fertility Society meets: a report on research and concerns, 109, Sep, oa  
 tuberculosis in pregnancy: real threat in urban areas, 125, Oct, oa  
**ABORTION**  
 dangers of prolonged high fevers, 15, Oct, nc  
 effects of abortion on subsequent pregnancy, 20, Aug, nc  
 meeting the health needs of sexually active adolescents, 80, Oct, oa  
**ABORTION, INDUCED**  
 prostaglandins and labor—problems and benefits, 91, Nov, oa  
**ACIDOSIS**  
 correcting neonatal acidemia with bicarbonate, 28, Aug, nc  
 FHR: measure of well-being, 54, Oct, oa  
**ACIDOSIS, DIABETIC**  
 controlling diabetes with continuous insulin infusion, 43, Jul, oa  
**ADHESIONS**  
 American Fertility Society meets: a report on research and concerns, 114, Sep, oa  
**ADNEXAL DISEASES**  
 managing ovarian cancer: toward a better prognosis, 47, Sep, s  
**ADNEXITIS**  
 DUB: diagnosis and management, 107, Jul, oa  
**ADOLESCENCE**  
 meeting the health needs of sexually active adolescents, 80, Oct, oa  
**ALCOHOLISM**  
 moderate drinking in pregnancy linked to lower birthweight, 19, Sep, nc  
**ALPHA-FETOPROTEINS**  
 detecting NTDs: proliferating U.S. programs, 51, Nov, oa  
 interview: David Brock, AFP test developer, on its use and potential, 65, Nov, oa  
**AMBULATORY CARE**  
 using nurse practitioners in ambulatory gynecology, 109, Oct, oa
